

In May of 2010, Lou and I moved to Kingman (for health reasons). We traveled here in our Motorhome with two Doxies (Joey and Misty). Found our nice home and settled in. In May, Joey went to doggy heaven and in July, Misty followed him. We decided we would not have any more pets as they had been such great companions. However, our new home was lonely without the patter of four little paws.

We knew there were several rescue centers in the Kingman area so I got on the internet and started looking at adoptable dogs. When we saw the picture of Bianca on the Mutt Matchers and Friends site, we decided to call and go visit her. She immediately won our hearts. The people we talked to were very friendly, the shelter was neat and clean, and we could tell, right away, that they truly cared for the dogs.

The day before Thanksgiving, we picked up our precious Bianca. She has already given us a lot of devotion, laughter and cuddles. We look forward to many years with her.

Thanks to Mutt Matchers & Friends, we again have the patter of little paws in our home.

Teddy & Lou, Kingman, Arizona
